

### **SequelCare Health Consent Form**

*All capitalized terms not defined herein shall have the definitions assigned to them in the App Privacy Policy and/or Terms of Use.*

By downloading, installing and registering to the MySequel mobile application (the “**App**”), operated by SequelCare Health (the brand name used by Peloton-Health Ltd.), you hereby agree and acknowledge that in order to provide you the App and related services (the “**Services**”), we shall collect and process your personal information, provided by you through the Services, including personal information relating to your health and medical care (collectively, the “**Information**”). The main purposes of the processing of your Information are:

- to allow you manage your Care Plan, set goals and manage your progress in achieving them;
- to enable your collaboration with a Peer Supporter and /or a Care Provider including by transmitting the Information to and from the web application used by Peer Supporters and Care Providers to collaborate with you;
- for functional purposes – we provide your Information to our service providers such as cloud hosting services and providers of chat and video chat applications.

If you do not consent to such processing, you may not be able to receive all or part of the Services.

Furthermore, upon your instruction, we shall provide the Information to third parties such as clinics, healthcare providers and insurance companies (“**Third Parties**”).

You hereby acknowledge and agree that such Third Parties are responsible for obtaining any and all authorizations, consents, licenses, assignments and permits, in the manner and form required under applicable law to receive and process your Information; and that you provided such Third Parties with such consent. If you did not provide consent to such Third Parties you may not access or use certain features of the Service.

We shall not be liable or responsible for any act or omission (i) relating to your failure to access such features due to failure to provide consent and (ii) of such Third Parties in relation to processing and storing your Information.
